

Sustainablenet “cheat sheet”

The new “sustainablenet” has been developed in response to your feedback.

It includes new features like:

- Ability to search old posts by topic
- Option to reduce the number of emails by only subscribing to topics of interest
- Storage of documents on a community of practice website
- Ability to log on to see new posts since your last visit

What do you need to do?

Registration is quick and easy!

1. Follow the link www.sustainablenet.org.au (Tip: save address to your favorites.)
2. First time users click on “register” on the top right hand corner of home page
3. Select a user name (Suggest you use your first name followed by the first initial of last name) and password (something you will remember consider saving it somewhere safe?)
4. You will be sent a confirmation email letting you know you have successfully registered.
5. Once you are registered you can tailor your subscription to meet your needs.

Hints: Using the new “sustainablenet”

1. When you log on, click the box “Log me in automatically each visit”. It will save you typing your password in every time.
2. At a minimum subscribe to “Using these Forums” and “Forum Announcements”. Subscribe by selecting “subscribe” located at the bottom of the forum page.
3. Now you have the chance to tailor to your needs. Subscribe to as many forums or topics as you are interested in. Subscribing means you will automatically be sent an email when there's a new posting. You will need to subscribe to each forum or topic individually by selecting “subscribe” located at the bottom of the forum page or topic postings.
4. If you prefer not to receive emails, you can manually check the Sustainablenet Forum daily or as often as you like and click on “view new posts” and maybe save that in your favorites. It's a quick easy way to see new postings since your last visit.

Robert Verhey will remain the moderator of “sustainablenet”. Robert robert.verhey@lgsa.org.au is here to help you transition to the new system.

See you at the new [Sustainablenet!!!!](http://www.sustainablenet.org.au)

Your online sustainability network has moved...

Log on to www.sustainable.net.org.au

The screenshot shows the Sustainable.net forum interface. At the top, there is a banner with the Sustainable.net logo and a search bar. Below the banner, there is a navigation menu with 'FORUM HOME', 'Sustainability Forums', and 'Organisational Change'. The main content area is titled 'Organisational Change' and features a table of topics. A red circle highlights the 'Subscribe forum' button in the footer area, with a red arrow pointing to it.
